**Victim(s):** Adult Female (19)

**Synopsis:**

On January 1, 2025 at about 0030 hours, an officer was monitoring the parking lot of Sunset Elementary when a group of females reported that they could not find one of their friends. The group said that they had hiked out from a New Year's party along the trail, and they told the officer that they were waiting for their friend who was supposed to drive them home. Over the next 3 hours, approximately 200 people exited the trail.

At 0400 hours the officer was notified that the missing female had not come out. The officer walked to the trailhead and heard someone calling for help. The officer located a male, who was not part of the group, in deep grass and was able to escort him out. Another male identified himself as the father of one of the females in the group and said that the missing female had fallen and could not get up. A second search resulted in the location of the female who was injured. HFD was notified and assisted in escorting her out. EMS transported the female to a hospital where she died.

This incident was originally classified as an injured persons case and has been reclassified to an unattended death. The investigation is ongoing.
